Vintage

We harvested on Sep. 28th and Oct. 5th and hand-picked as usual but selected only the very best clusters that had reached our flavor profile.

Winemaker Notes

This is our 20th vintage of Sauvignon Blanc. Some of the vines were planted nearly 30 years ago. The grapes were crushed and the juice was gently squeezed in the press and pumped to a tank. The juice cold settled for 24 hours. It was then racked to traditional, seasoned Bordeaux oak barrels for fermentation with various lots inoculated with four different yeasts. The wine was aged six months in the same barrels. Then it was racked into a tank, settled, fined gently and sterile filtered before bottling.
